Bug 1 — Forgot password link redirects incorrectly

Title: Forgot Password link opens wrong page

Product: Library Management System
Component: Forgot Password
Severity: Major
Priority: P2 – High
Status: New

Scenario / Description:
When the user clicks on the forgot password link it redirects to home page instead of reset page.

Steps to Reproduce:

1. Open the Library Management System login page
2. Locate the forget password link.
3. Click on the forget password link.

Expected Result:
User should be redirected to reset page.

Actual Result:
User is redirected to home page instead of reset page.

Focus Area: Functional Defect / Navigation

Bug 2 — Logout Does Not End Session

Title: User remains logged in after logout

Product: Library Management System
Component: Log out
Severity: Critical
Priority: P1 – Very High
Status: New

Scenario / Description:
When the user clicks on the logout button, the home page opens again and the user is still logged in.

Steps to Reproduce:

1. Open the Library Management System home page.
2. Locate the logout button.
3. Click on the logout button.

Expected Result:
User should be logged out and home page is opened.

Actual Result:
User is redirected to home page but remains logged in.

User selects 'Remember Me' checkbox during login but after closing and reopening the browser, user is logged out.

Steps to Reproduce:

1. Open the Library Management System login page
2. Locate the 'Remember Me' checkbox.
3. Check the 'Remember Me' checkbox and log in.

Expected Result:
User should be logged in even after closing and reopening the browser.

Actual Result:
User is not logged in after closing and reopening the browser.

Focus Area: Session Management + Usability Defect
